

Breaking Free

Verse 1:

You breathe your breath, I come to life
Up from the lows, onto the heights
The father's heart calls me to rise
No longer dead but now alive

Chorus:

No more weight to hold me down
In Your perfect love I'm found
Every chain has been released
I'm breaking free, I'm breaking free
Hey, I'm breaking free

Verse 2:

All around there's color now
Endless joy and grace abound
I once was lost but now I'm found
Heaven come, the Spirit's breaking out
