

Greater

Verse 1:

There from the start, ready or not, Your love finds me
With grace in Your heart, You called me Your child, You define me
I've searched every height, the wildest of joys, nothing's greater
Oh to know who You are, to live in Your love, my desire

Chorus:

You are the only one, Your presence is all I want
This world can't compare to you, Oh God, You are greater
You are my heart's desire, In You I'm satisfied
This world can't compare to you, Oh God, You are greater

Verse 2:

Well nothing above, nothing below, separates me
You climbed every hill, and lowered yourself, just to find me
I'll never outrun the depths of your grace, You reach further
Oh to know who You are, to live in Your love, my desire

Bridge:

Better than all my hopes, better than all my dreams
Better than the world's best thing, You are greater
Better than the mountains high, better than all I see
More than anything I need, You are greater
